

**Is the**  
**Children's Aid Society**  
**helping or harming**  
**Children and Families?**

**Many children attending Ontario schools have been or are currently involved with CAS agencies in Ontario. If you are a teacher, principal or anyone involved with the education of children, then you should take the time to inform yourself about CAS agencies and how they may be affecting children who may be attending your school!**

**Members of the teaching profession in Ontario are invited to visit:**

**<http://www.canadacourtwatch.com>**

**For up to date information about the Children's Aid Societies of Ontario which spend over one billion dollars annually of our hard earned tax dollars, money which many parents and teachers would argue should be spent on the education of our children!**
