Petition to the Ontario Legislative Assembly

Re: Removal of Justice Marvin Zuker from the bench

To the Honourable members of the Provincial Legislature:

WHEREAS the Criminal Code of Canada was intended by Parliament to be applied equally to all Canadians, **and**

WHEREAS judges in Canada have a duty to obey the laws of Canada just as do the rest of the citizens of Canada, **and**

WHEREAS section 139 (1) of the Criminal Code of Canada states that it is an indictable offence for ANYONE to wilfully attempt in any manner to obstruct, pervert or defeat the course of justice in a judicial proceeding, **and**

WHEREAS section 122 of the Criminal Code of Canada it is an indictable offence for any official who in connection of his duties of his office commits a breach of his/her trust to the public, **and**

WHEREAS Justice Marvin Zuker of the Ontario Court of Justice has admitted tampering with official court transcripts which constitutes both an obstruction to justice and a breach of the public trust as it relates to his position as judge, **and**

WHEREAS the actions of Ontario Judicial Council in allowing Justice Zuker to continue his duties as judge even after it was confirmed that he had broken the law under the Criminal Code makes it abundantly clear that the Ontario Judicial Council has failed to protect the public's interest in the administration of justice when one of their piers has broken the law, **and**

WHEREAS the actions of Justice Zuker have resulted in shame and embarrassment to the Canadian people and have brought the administration of justice in Canada into significant disrepute,

We the undersigned citizens of Ontario, petition the Members of the Provincial Parliament to undertake the following:

That Justice Marvin Zuker be immediately removed from his position as judge and charged under section 139 and 122 of the Criminal Code of Canada so that Canadians can see that the Criminal Code of Canada is to be equally applied to all citizens, including judges, **and**

That the charges involving Justice Marvin Zuker be dealt with in a transparent manner, in an open public courtroom with Justice Zuker being judged by a jury of citizens and not his fellow judges should he wish to challenge the criminal charges.
